Since 2001, the Sasol New Signatures Art Competition has hosted information sessions for potential entrants, with the aim of giving them the opportunity to gain much needed technical information regarding format, size, media, and layout of entered works as well as valuable advice regarding the presentation of competition standard work.

In the interest of reaching a wider audience, the Information Sessions will be hosted online via the Sasol New Signatures website, the Association of Arts Pretoria's Facebook page and Sasol's YouTube channel. The Information Sessions and other resources will be available for viewing on an ongoing basis. Potential entrants are strongly advised to engage with the Online Information Sessions and to read the information resources blogs on the Sasol New Signatures website.

For the past 33 years, the Sasol New Signatures Art Competition has been a beacon for unbridled creativity and artistic exploration within the visual arts ecosystem in South Africa. *Expressions Unbound*, the call for entries slogan for the 2023 edition of the competition, is a phrase that embodies the competition's long-standing commitment to providing a space where emerging artists can display the fullness of their imaginative potential and self-expression. *Expressions Unbound* champions the unrestricted artistic narration of personal and collective stories that are relevant to our times. *Expressions Unbound* is not a theme for the competition, rather, it is a tagline that celebrates the enduring and timeless power of stories, both intimate and grand, which are shared by the countless artists who enter their artworks to this competition each year.
